

THE 54T MODULE PLATFORM

One platform. Multiple solutions.

UP TO
535W
POWER CLASS

UP TO
24.1%
MODULE EFFICIENCY

RESIDENTIAL ROOFTOPS

COMMERCIAL APPLICATIONS

COMING Q4 2026

CS6.2-54TD | 510W

TOPCon Gen 2 cells, 22.9%

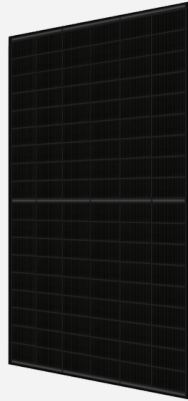

Lightweight
module format

High efficiency Gen 2 cells

Modern aesthetics for a
sleek, uniform appearance

DESIGNED FOR RESIDENTIAL ROOFTOPS

Practical Voltage

Reliable Performance

Proven Solution

Premium All-Black Design

AVAILABLE NOW FOR
C&I APPLICATIONS

CS6.2-54TB | UP TO 535W

TOPCon Gen 2 cells, up to 24.1%

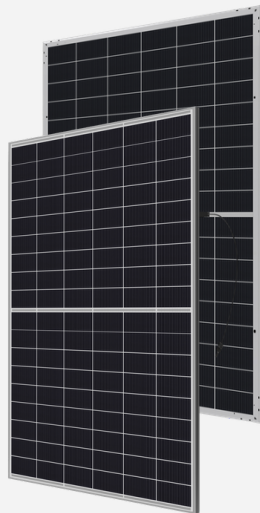

Bifacial power generation

Ideal for C&I projects

High power output for
lower BOS & LCOE

DESIGNED FOR C&I PROJECTS

Commercial &
Industrial Facilities

Ground Mount
Systems

Up to 85%
Power Bifaciality

High energy yield
solutions

SMARTER VOLTAGE

Optimised voltage design
for AU systems

MULTIPLE APPLICATIONS

One platform offering solutions
for residential and C&I projects

MORE POWER

Higher power output with
fewer modules

RELIABILITY

Canadian Solar quality and
long-term performance
